

Forest School

What you need bring.

HALE CE
PRIMARY SCHOOL

When visiting our Forest School, it is essential that the children are dressed appropriately. Sessions will be run in whatever the weather so children so be prepared for any clothing/ footwear to get muddy and messy. To help prevent scratches, scrapes and insect bites it is important for the children to wear clothing that covers their arms and legs. **On the day of Forest School (MONDAY) children should come to school wearing their old clothes NOT their school uniform.**

Long Trousers

Ensure trousers cover their whole leg and are hardwearing and warm. Choose trousers that are okay to get muddy and messy.

Tops

Tops should cover the children's arms. For warmth it is advised that they dress in a number of layers.

Hats/ Gloves/ Scarf

These maybe needed during the winter months to add extra warmth.

Sun Hat

As we have a young woodland there is limited shade so during the summer this will help prevent burning.

Waterproofs

The school has a full set of waterproof overalls for the children in all year groups to use.

Spare clothes

In bad weather a spare set of clothes maybe useful for the children to change into after the session. Please always send spare socks.

Sun Cream/ Insect repellent

Useful in the summer months. Children must be able to apply it to themselves.

Footwear

Ensure it is hardwearing and warm e.g. walking boots or wellies with thick socks.
